Kari is an International Facilitator of Linking Awareness, BodyTalk for Animals Access and a Certified BodyTalk practitioner

Kari's passion and role is to support change and healing for people, animals, and the environment. She has 15 years of experience as a dog trainer and animal communicator.

Kari contributes on a number of international outreach projects for both youth and endangered animals.

From Indonesia to the Caribbean, from shanties and orphanages to refuges for elephants, orangutans and dolphins....

&

BEYOND

"I AM honored to observe the PROFOUND life changes this work facilitates for

Humans & Animals".

~ " I am humbled by the power of the 'Innate Wisdom' within us ! " ~

Animals are prey & predators, which make them highly sensitive to their Environment, Humans & Energies around them for their survival.

Engage with them to share information about yourself & the environment in many ways. Come experience the animal's physical response and validation to your exchange of information.

Allow yourself to explore your own life through

LINKING AWARENESS WITH ANIMALS

It is my experience that the Animals Love to share their profound abilities
TO ACTIVATE SELF HEALING.
